Pupils should pay close attention to the formulae used to perform the calculations, making sure all workings are shown. Once the ratios have been calculated, pupils need to open the Ratio Answer Grid (this is a separate assignment) and fill in their answers. The Google Form will self-mark. Pupils to pay close attention to how ratios are expressed ie times, %. No need for £ signs but enter a comma for thousand separator ie 1,000.</p>	
S3 Administration & IT	rdqkzoc	<p>Pupils should access their Google Classroom and complete the Security Booklet task. Pupils must ensure they follow the specified layout and include relevant information from their theory notes.
