# Welcome

Good evening and welcome to the Ellon Academy Careers Convention, 2022.

As you will be aware, this is the first time we have been able to hold this event in over three years so we are excited to see our pupils, parents and guests once again.

The aim of our Careers Convention is to offer information regarding as broad a range of career paths as possible and this year we have representatives from over 30 local and national businesses, from sectors such as Engineering, Construction, Finance, Hair & Beauty and Health & Social Care to name but a few. We also have representation from 3<sup>rd</sup> sector employers for any pupil interested in information regarding volunteering.

We have our regular University and College area, which this year, is located on the first floor. Here you will find representatives from Universities such as Aberdeen, SRUC, Stirling, Strathclyde and Robert Gordon. You will also find representation from NESCol and the Scottish Maritime Academy for those interested in exploring what college can offer pupils post school.

As previously mentioned, the aim is to provide as wide a range of career options and advice as possible. However it is entirely possible that we may have missed a sector/employment area and if this is the case, please feed that back to the school through the online evaluation form, the link to which will be available soon.

There are various members of school staff on hand during the course of the evening, along with over forty of our senior Prefects. If you have any questions, please do not hesitate to ask.

Kind regards

Mr Corser, DHT

# Presentations

- A welcome addition to our Careers Convention programme is our Employer presentations.
- This year we have three employers presenting at various times over the course of the evening.

Thank you for attending the Ellon Academy Careers Convention, 2022. I do hope that you have found this event useful.

As I said earlier in the programme, there will be a link to an evaluation form sent out in the coming days. It would be very much appreciated if you could complete this form in order to help make this event as informative and helpful for our pupils and parents, as possible.

Kind regards

Mr Corser, DHT
