S1-S3 English				
Week Commencing: Monday 18th January 2021				
I hope all is going well for you and your child/children. As last week, all work will be set on Google Classroom. If you have any concerns or challenges in accessing their classroom, please feel free to get in touch: sarah.warne@aberdeenshire.gov.uk.				
Once in Google Classroom, using the Classwork tab, you/your child will see a list of topics. At the top is a topic called Lockdown Learning (January 2021). All work to be undertaken for this period of remote learning will be posted there. Every Monday, there will be a short, recorded lesson. This may be a video, a series of videos or a narrated PowerPoint etc. The format will vary based on the learning being undertaken. We have opted for a recorded lesson as this will (we hope) correlate with the various circumstances we are all working under and that being able to refer back to the input will support your child in engaging with the task. Every Monday morning, your child's teacher will also post a message on the Stream in Google Classroom for them to post any queries or questions.				
There will also be a weekly assignment to correlate with this input. These assignments will have a deadline attached but this is to support tracking. We found that if there is not a deadline set on an assignment, they may not appear in the to do list. Assignments can be completed after this deadline; I would suggest your child works through the materials chronologically. Sometimes, learners have submitted an assignment by accident and not attached their work. In this instance, the teacher will mark the assignment as a zero so your child will get an alert prompting them to resubmit the assignment with the completed work.				
I am mindful that the completion of tasks will vary significantly due to a range of factors. Try to do what suits you, your family and your circumstances best. Working under these circumstances is very difficult, for everyone involved. Please don't hesitate to get in touch if materials are unclear or if any extra support is required.
