

Ellon Academy Remote Learning Schedule - Week Beginning 01.03.21

Pupils should communicate with their subject teachers through Google Classroom

S4-S6 Business Education

Subject	Class/Level	Class Code		Interactive/Real Time Sessions
Accounting	National 5	5wouxcd	Pupils are continuing with Ratio Analysis this week. Tasks 1-3 should be completed, writing out your answers on lined paper or on Excel. Refer back to the Ratio Analysis PowerPoint issued previously, if needed. I have also attached the SQA formulae sheet, which lists all the formulae and calculations needed on one page - a good reference document! Pupils should pay close attention to the formulae used to perform the calculations, making sure all workings are shown. Once the ratios have been calculated, pupils need to open the Ratio Answer Grid (this is a separate assignment) and fill in their answers. The Google Form will self-mark.	
	Higher	tbtn74j	Pupils should access their Google Classroom and read over the Equity notes included in the PLC Theory PowerPoint from last week. Once confident with the different terms, open the PLC Share Task and work through the sample task on page 1 before attempting Tasks 1-4, show all calculations on the task sheet provided. Once the figures have been calculated, open the Google Form (in a separate assignment) and add answers to the form. Once submitted, make a note of the mark awarded. Pupils should ensure they follow all the instructions given.	
Administration & IT	National 3 (S4 pupils)	ube7zmk	In-school provision on Monday 1st March - all learning will take place in school.	
	National 3 (S5/6 pupils)	ube7zmk		
	National 4 (S4 pupils)	kt72uch	In-school provision on Monday 1st March - all learning will take place in school.	
	National 4 (S5/6 pupils)	4kgsr47		
	National 5 (S4 pupils)	kt72uch	In-school provision on Monday 1st March - all learning will take place in school.	
	National 5 (S5/6 pupils)	4kgsr47		
Higher	r2j756p	In-school provision on Tuesday 2nd March - all learning will take place in school.		
Business Management	National 4 (S4 pupils)	7muoxqs	Pupils should access their Google Classroom and review the attached presentation. The presentation includes articles depicting the impact of the pandemic on various businesses. They should create a presentation evaluating the impact on different businesses, as detailed on slide 12. Pupils should use the suggested layout on slide 13. Pupils should also look to find their own articles, where possible. Presentations should be suitably enhanced eg design template, animation, transitions, graphics, sound and uploaded to Google Classroom for marking and feedback.	

National 4 (S5/6 pupils)	z1z555z	Pupils should access their Google Classroom and review the attached presentation. The presentation includes articles depicting the impact of the pandemic on various businesses. They should create a presentation evaluating the impact on different businesses, as detailed on slide 12. Pupils should use the suggested layout on slide 13. Pupils should also look to find their own articles, where possible. Presentations should be suitably enhanced eg design template, animation, transitions, graphics, sound and uploaded to Google Classroom for marking and feedback.
National 5 (S4 pupils)	7muoxqs	Pupils should access their Google Classroom and review the attached presentation. The presentation includes articles depicting the impact of the pandemic on various businesses. They should create a presentation evaluating the impact on different businesses, as detailed on slide 12. Pupils should use the suggested layout on slide 13. Pupils should also look to find their own articles, where possible. Presentations should be suitably enhanced eg design template, animation, transitions, graphics, sound and uploaded to Google Classroom for marking and feedback.
National 5 (S5/6 pupils)	z1z555z	Pupils should access their Google Classroom and review the attached presentation. The presentation includes articles depicting the impact of the pandemic on various businesses. They should create a presentation evaluating the impact on different businesses, as detailed on slide 12. Pupils should use the suggested layout on slide 13. Pupils should also look to find their own articles, where possible. Presentations should be suitably enhanced eg design template, animation, transitions, graphics, sound and uploaded to Google Classroom for marking and feedback.
Higher	n7jccub	Pupils should access their Google Classroom and open the Task sheet attached. This week, something a bit different - I have given a selection of short videos to watch and articles to read. Pupils are then to complete the table in the task sheet to detail what they have learned from each article/video. The key is to think carefully and apply the information given back to curricular Business Management content. Pupils should submit their completed Word file via Google Classroom for marking and feedback.

PC Passport	Levels 4 & 5	qhkijs	Pupils should access their Google Classroom and continue with Spreadsheet Revision. Tasks are attached to the assignment in Google Classroom. Pupils can access their purple jotters containing notes on spreadsheet formulae (if they have them at home) as well as any other spreadsheet tasks already saved on their OneDrive. Pupils must ensure they have followed all instructions given before submitting their completed tasks for marking and feedback.
