

Ellon Academy Remote Learning Schedule - Week Beginning 01.03.21

Pupils should communicate with their subject teachers through Google Classroom

S1-S3 Business Education			
Subject	Class Code		Interactive/Real Time Sessions
S1 Business Education (Enterprise)	1C1: if7gh4v 1C2: t3xskd2 1F1: x4dzi6j 1K1: tbyyhvs 1K2: 7wyihwg 1M1: vbv2jcb 1S1: uszitds 1S2: bdteto6	Pupils should access their Google Classroom and follow the instructions to sign up for iDEA. They must follow the link provided to ensure that they are added to the correct class. Once signed up, pupils should complete the "Safe Online" and "E-safety" modules. A screenshot of the completed modules should be uploaded to Google Classroom by the deadline as evidence of completing the tasks set.	
S2 Business Education (Enterprise)	2C1: ftvg3tf 2F1: tnlumxz 2F2: mfyup6y 2K1: ugwbqmu 2M1: voqnkum 2M2: jftwt4g 2S1: fnyvtzc 2S2: iz4xbr3	Pupils are continuing with the "Organising a Party" mini-project, which gives a flavour of Accounting, Administration and Business Management content. This week, the focus is on Admin and pupils should complete Task 2. Follow the instructions given carefully, using the files provided, where necessary. On completion of the tasks set, pupils should submit their Booking Form and Ticket for marking and feedback by the deadline given.	
S3 Accounting	y4sof2b	Pupils are continuing with Ratio Analysis this week. Tasks 1-3 should be completed, writing out your answers on lined paper or on Excel. Refer back to the Ratio Analysis PowerPoint issued previously, if needed. I have also attached the SQA formulae sheet, which lists all the formulae and calculations needed on one page - a good reference document! Pupils should pay close attention to the formulae used to perform the calculations, making sure all workings are shown. Once the ratios have been calculated, pupils need to open the Ratio Answer Grid (this is a separate assignment) and fill in their answers. The Google Form will self-mark.	
S3 Administration & IT	rdqkzoc	Pupils should access their Google Classroom and complete the Progress Assessment task, which requires them to create a presentation this week. Pupils are to source their own information but must make sure they use their own words - no direct copying & pasting from Google! Pupils must then ensure their notes on Security are up-to-date - there will be link to this in next week's task. The completed Progress Assessment should be uploaded to Google Classroom for marking and feedback.	
S3 Business Management	Class E: msfxzvr	Pupils should access their Google Classroom and open the Snack Attack PowerPoint, reading slides 8-11. You will be using the snack design from last week to prepare a marketing plan. Complete the planning worksheet and create an advert. Submit both to Google Classroom for marking and feedback.	
	Class H: vsf7nkw	Pupils should access their Google Classroom and open the Snack Attack PowerPoint, reading slides 8-11. You will be using the snack design from last week to prepare a marketing plan. Complete the planning worksheet and create an advert. Submit both to Google Classroom for marking and feedback.
