Exam Mindset Guide:

e-Sgoil has partnered with the experts at Headstrong to produce a video series that will help learners with their mental health during the exam process, from studying right through to success in the final exams.

Learners - The videos have been created to be user friendly so learners can access them on their own and are grouped under the following Headings: Understanding Your Mind, Understanding Your Stress and Understanding your Study.

Parents/Carers - Parental engagement with the attainment of our learners is vital for their ongoing success. It can be particularly challenging mentally and emotionally for both parents/carers and learners during exams. This can put a strain on relationships, so these videos are designed to equip them with the right strategies and ways of successfully working with their young people. This can help by reducing stress and giving the learners the best possible chance of attaining well and in a healthy way.

Rotary Youth Leadership Awards

The Ellon Rotary Club would like to sponsor two candidates to take part in the Rotary Youth Leadership Awards, which includes a weeklong residential trip for 16- or 17-year-olds in July 2023.

RYLA is a leadership development course. It is a weeklong, full time residential course. Activities for all participants include hill walking, rock climbing, abseiling, mountain biking, kayaking (river), raft building, swimming, gorge walking, mental and physical team challenges. All as part of a team where you must work together to achieve a goal. Good communication and teamwork are key, and you will be mentored on these aspects, including daily talks from speakers with experience of various team challenges. This is a rare opportunity to experience and learn things about yourself, about working in a team but more importantly about leading and supervising other people. These are the skills employers look for in the workplace.

The girls camp runs from 8th – 15th July, and boys camp runs from 15th – 22nd July and both will take place at the Abernethy Centre in Nethybridge. Applicants must be 16 or 17 at the time of the camp and must be available for the whole week. For more information and to apply to take part, visit <https://ryla1010.com/>.

Water Safety Talks:

Here are some of the slides from the Water Safety Talks delivered to S1, S2 and S3 learners this week by members of the Fire and Rescue and Coastguard services. S4/S5 learners will be getting their talks in June.

Water Dangers

- Cold Water Shock
- Hypothermia
- Entrapment
- Pollution/Contamination
- Slips trips and Falls.

A circular image showing a riverbank with several large, colorful plastic bags of trash (purple, yellow, green) lying on the ground near the water's edge.

Safety, Teamwork, Respect, Innovation.

Cold Water Shock

- Sometimes it can be tempting to go for a dip in a river or loch, especially during the summer months, but swimming in unsupervised open water can be extremely dangerous
- Open water can become very cold just a few feet under the surface and can cause cramps
- Very cold temperatures can also affect your stamina and you may find your strength and ability to swim deteriorates rapidly. You might find yourself getting tired a lot more quickly than you would in a heated pool.

A circular image showing a person's head and arms sticking out of dark, turbulent water, illustrating the danger of cold water shock.

Safety, Teamwork, Respect, Innovation.

ALWAYS FOLLOW THE WATER SAFETY CODE

Whenever you are around water:

STOP AND THINK	Look for the dangers. Always read the signs.
STAY TOGETHER	Never swim alone. Always go with friends or family.

In an emergency:

CALL 999 OR 112	Shout for help and phone 999 or 112.
FLOAT	If you fall in, float or swim on your back. Throw something that floats to anyone who has fallen in.

Safety, Teamwork, Respect, Innovation.

S1 Navy Visit

The Royal Navy came to work with all S1 classes on Wed 10.5.23 and Thu 11.5.23 developing Teamwork, Communication and Leadership skills. Our S1 learners gave really positive feedback on the event and there was praise from the Royal Navy Officers regarding our wonderful S1 learners' engagement and conduct.

Up-Grade of Ellon Academy Community Campus Fitness Suite

As part of our financial planning in year 22/23 Ellon Academy Senior Leadership Team agreed to review and update the equipment in our Fitness Suite. We consulted with specialists from Live Life Aberdeenshire to get the best value for money in placing our existing kit, and we are delighted that the newly equipped Fitness Suite will be ready for use soon! The installation took place on Thursday 18.5.23 and will be ready for use very soon following staff training.

Internet Safety:

Internet safety is a concern amongst parents/carers and teachers, so here is a reminder that the following website has great content for children and young people, parents, carers, and teachers.

[CEOP Education \(thinkuknow.co.uk\)](http://thinkuknow.co.uk)

Within our CYP team we currently have two members of staff who are employed as Early Intervention Officers. Please find the information below about the role.

“Our Early Intervention team engage with children and young people in the Northeast who are either coming to the attention of the Police for antisocial behaviour or are committing low level offending, as well as working closely with partners to provide support for young people and creating opportunities for diversionary activities across the Northeast.

The aim of the role is to reduce the risk of a young person offending by generating conversations regarding concerns of antisocial and harmful/risk taking behaviour.

The team can offer person centred tailored interventions/support if appropriate. We offer support to our partners to provide a collaborative approach to offer the best support to a child/YP.

As a team we accept referrals from Police Scotland Youth Justice team as well as partners, and schools.

If you have a child/YP who may benefit from our support, please ask your school to contact our team with an email in the first instance to discuss a potential referral and suitability.

Mental Health Week at Ellon Academy:
Thanks to Miss Noufal for the infographics.

5 Ways to Mental Wellbeing

Research have whittled down ways to improve our mental wellbeing to five main categories. Experts suggest, that if we do at least 1 out of these 5 things every day, consistently, we will notice a positive change in our mental wellbeing.

- GIVE**: Give to others. This could be your time, patience, attention, effort or even your money.
- BE ACTIVE**: Get out there and do something you enjoy doing that elevates your heart rate.
- CONNECT**: Connect with the people around you, nourish your relationships and build your support network.
- KEEP LEARNING**: Exercise your brain in a different way from your everyday routine. Take yourself out of your comfort zone.
- NOTICE**: Notice the little things in your environment and people around you. Take time to live in the present.

Mental Health Awareness

Good Mental Health
Poor Mental Health
Severe Mental Illness
No Mental Illness

Our mental health is not always in a steady place, it moves around this continuum in one day. We are able to regulate our mental health by being aware of where we lie within the above continuum.

Your Stress Bucket

Different stressors pour into our 'bucket' all day, everyday. As our bucket fills up, we feel more and more 'stressed'. It is important to open the tap and empty our bucket regularly to prevent it from overflowing. If our bucket overflows, we experience poor mental health.

Healthy ways to open the tap and let stressors out are: physical activity, connecting with people, mindfulness, socialising and anything else that doesn't harm your body and mind.

Everyone's bucket is a different size. Stressors fill different people's buckets up to different levels. Remember, we are all different – be mindful of others.

What is Mental Health?

Mental health includes our **emotional, psychological and social well-being**. It affects how we think, feel and act. It also helps determine how we handle stress, relate to others, and make healthy choices. Mental health is important at every stage of life, from childhood and adolescence through adulthood.

How well can you regulate your emotional fluctuations? If you are not an expert at it yet, don't worry – you will get there with practice.

Can you identify helpful and unhelpful thoughts? If sometimes you get caught off guard, don't worry – our brains are very complex things. You will get there, perhaps with a little guidance.

Have you got friends/people you feel you can be yourself around? Surround yourself with people you don't feel negatively judged by and remember to always be yourself!

Pupil Achievement:

Junior Football Players' Player of the Year is Nicole I.

Nicole has had a tremendous season for the girls. The votes were tight, which shows how well the entire team has played. Nicole has defended well this season and is always looking to attack when the opportunities arise. Well done, Nicole!

Pupil Achievement:

Senior Girls Player of the Year is Lucy D.

Lucy has been a marvellous player in her 6 years at school and this year has been no different. Her technical ability and enthusiasm for playing football has been remarkable. Even more pleasingly, all the junior girls in school all say the same thing about her- that she is so encouraging to them all and an inspiration; what a legacy to leave as Lucy leaves school this year. Well done Lucy and we will all miss you.

Pupil Achievement:

Girls U15 Football League Score: Turriff 4-4 Ellon.

Ellon girls came away from Turriff with a 4-4 draw in a pulsating match, after being 4-1 behind. A draw was probably a fair result, because Turriff had the better of the first half, yet Ellon created most chances in the second half and should have snatched it at the end. So, despite a remarkable comeback, the girls will be disappointed not to have won all 3 points in their final league game this season.

Everyone at today's game is still trying to figure out how the ball stayed out of the net after Grace S brilliantly rounded the keeper, left her on her backside and hitting a shot, which somehow or other hit the post and rolled out.

Goal scorers for Ellon ; Katie G 1, Natalie G 1, Erin M 1, Millie B 1.

Assists by Grace S 1, Erin M 1, Alisha M 1.

Players of match as chosen by players and coach were Katie G and Nicole I.

Well done girls on what has been a very enjoyable season of football from you. Mr McLean

Staff Learning - Making Thinking Visible – Gallery of Learning

As part of our whole school Improvement Planning Priorities, Ellon Academy staff have been working on John Hattie's Making Thinking Visible Thinking Routines and implementing them into classroom practice. This week, at the end of Year 1 of 3, we showcased the work of each faculty in a gallery of learning and staff had opportunities to share their practice and think about next steps for Year 2 of this whole school priority for learning and teaching.

Ellon Academy Reading School - Reading for Pleasure/Recommended Reading for parents, pupils, and staff:

'A Good Girl's Guide to Murder' by Holly Jackson

Pippa investigates a murder that took place in her town 5 years previously. She doesn't think the police got the right person...

'A Kind of Spark' by Elle McNicol

Addie is intrigued by her class topic when they are learning about the victims of witch hunts in her local area. She is bullied due to challenges she faces at school. She spots the similarities between how people treated those accused of witchcraft and how she is treated.

'I Know You Did It' by Sue Wallman

When Ruby was four, she accidentally killed a girl. Now, as a teenager, she is being framed for murders at school...

'The Boy Who Made the World Disappear' by Ben Miller

Harrison has a terrible temper. An unusual entertainer gives him his very own black hole. He starts to put things which annoy him in it – he soon regrets some of his decisions though!

Little People, BIG DREAMS Treasury: 50 Stories from Brilliant Dreamers
This is a beautiful collection of heroes – some well-known ones and some not so well-known. There is also a great section at the end for the reader to recognise their achievements and perhaps plan what adventures they will have as they grow up. A great one for dipping in and out of for those who can find reading tricky and/or time-consuming!

'The Hate U Give' by Angie Thomas

Starr is a passenger when her friend, a black teenager, is shot by a policeman for no reason. She needs to decide if she is brave enough to testify in the face of protests & pressure from the police. Unfortunately, a very relevant book. There are violent themes.

'Long Way Down' by Jason Reynolds.

Will's brother has been shot. He needs to decide if he is going to get involved in gang warfare. This book is written as a narrative poem and is easy to read. Another one for those who perhaps struggle to find the time to read.
